

MyPOP ART PANELS

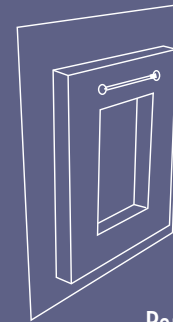

Visually promote empowerment and critical-thinking in your organization, business or public space.

Great for the home, library, office, commercial space, business and educational applications.

QUALITY ART PANELS

Art is mounted to a 1/8" tempered hardboard and protected by a Ultra Matte UV laminate. The edges are beveled, colored and a 3/4" frame is applied to the back of the assembly. The frame is recessed from all sides by approx. 2" and is hidden from view. This gives your image the appearance of floating off the wall. Need a different size? No Problem! All panels can be scaled for custom sizing!
